Probable Death Of State Income Tax Proposal Now Indicated

State Income Tax Proposal Gets Set-Back

Measure Is Sent **Back To Committee;** Rejection Indicated

> By ED HAUCK (I. N. S. Staff Correspondent)

HARRISBURG, May 15.-Gov. John S. Fine's proposed fiscal program tottered today after the Senate Republican caucus voted to return the proposed 119 million dollar income tax bill to committee.

The vote in the closed door session was 16-11 with Republican Senators Charles R. Mallery, of Blair, and George B. Stevenson, of Clinton, not participating in the ballot. Sen. A. R. Pechan (R), Armstrong, was absent.

Measure Recommitted When the Senate reached the

House-approved bill on the working calendar last night, it was recommitted by a majority voice vote with the 20-member Democratic bloc joining dissident Republicans. Temporarily at least the props

are sagging under the governor's \$1,200,000,000 budget for the biennium opening June 1. Fine proposed the levy as the

key to collecting 119 of the 163 million dollars in new money he has requested for the new fiscal

Significantly, Sen. Robert D. Fleming (R) Allegheny, voted for recommittal after a long distance telephone call from U. S. Sen. James H. Duff who handpicked him last spring for his initial term in the upper chamber.

Pukhan River Is Crossed By **Enemy Troops**

U.S. Superforts In Heavy Attacks On **Hub Of Sariwon**

By ROBERT SCHAKNE (I. N. S. War Correspondent)

TOKYO, May 15.—Communist troops crossed the Pukhan river and tangled elsewhere with Allied units today in sharpened fighting portending an expected giant attempt to sweep down the middle of South Korea and capture Seoul.

Enemy aggressiveness mounted as American Superforts rocked the hub of Sariwon with a 90-ton bombing to hinder southward Red deployments which were veiled by pelting rains.

The stepped up tempo of activity by shock units of a 625,000-man Communist army — backed by tanks, artillery and planes—was reflected in the U.S. Eighth Army's Tuesday night communi-

The bulletin said that Red "battalions," presumably Chinese, were reported south of the Pukhan river east of Kapyong, a junction 33 miles northeast of Seoul and lying astride the rail-highway artery to Chunchon.

Massed Across River

Hitherto, the Chinese had been massed only along the Pukhan's north bank east of Kapyong and had repulsed an effort by an American patrol to cross from the south side in that area Monday.

East of Chunchon, the central

front mountain bastion 45 miles northeast of Seoul, American pafire from the enemy Tuesday, the Eighth Army announcement said.

To the northeast, it was added, ROK (Republic of Korea) troops were engaged in battle with a company-sized Red force southwest of Inje. Other ROK units east of Inje (Continued on Page Two)

Mercer St. Entrance To New Bridge Is **Being Constructed**

When the new bridge in Grove street, which spans the Neshan-nock creek, is completed, it will be possible for vehicular traffic not only from South Jefferson street, but also South Mercer street will be able to enter the bridge because of an off-set which is being arranged in the rear of the Smith Dry Cleaning plant, which will give traffic an oppor-tunity to turn onto the bridge, ac-cording to city engineer John Z.

Superforts Deal Blow

Far behind the lines, twelve Superforts from Okinawa dealt a damaging blow to one of the mainsprings for the monetarily ex- in to Landsberg to augment the pected Red offensive when they dumped 90 tons of high-explosives on Sariwon Tuesday. An afternoon communique from

Far East Air Froces (FEAF) Headquarters said the four-engined B-29s deposited their bombs in the midst of "hundreds of single-story buildings believed to have been stocked in anticipation of a renewal of the Communist offensive.

"The Superfort commnaders," said the bulletin, "radioed bomber command headquarters in Japan that the drops were made by radar techniques because of heavy weather over the target.

"There was no enemy opposition, either from the ground or by intercepting Red fighters."

The spectacular blasting was follow-up to a Superfort smash at Sariwon exactly a week earlier. One of the principal troop and supply distribution centers for the enemy's offensive buildup, Sariwon lies in western North Korea, miles above Parallel 38 and about the same distance south of Pyongyang, the Red capital.

The FEAF communique pointed out that Sariwon's supply center, blasted Tuesday, "is adjacent" to a railroad marshalling yard. The ebration. bulleting called Sariwon "a transfer point for supplies that funnel down the main rail and highway route in western Korea from Manpojin on the Yalu river boundary (of Manchuria).

Despite the heavy Sariwon bombing, steady rainfall hampered Allied aerial as well as ground efforts to disrupt enemy deployments.

Red hordes pushed farther south along muddy roads on which United Nations tanks and other heavy vehicles already were becoming mired.

WELL REJECTED

Several months ago the Soviet Union, without explanation, withdrew from negotiations among the United States and communist China in Japanese the other interested parties for a peace pact with Japan. These negotiations went forward in Russia's absence and have now reached the point where peace with Japan is counted upon

But now the Soviet Union proposes that a conference of Chinese communists would engage foreign ministers, including a representative of Communist themselves chiefly with delaying field. China be convened within two months to prepare a peace Red aggression in Korea would be draft for Japan. The gist of the Russian program is a demilitarized Japan, from which American occupation forces would ment. be withdrawn.

In this and other respects, such as admission of Red China emphatic example of communist to the pact negotiations, the Russian script runs counter to the draft that the United States has presented to the other inter- for Japan. ested powers. The Soviet outline is a maneuver to split the Western Allies and to forestall a separate peace pact between ed by President Truman with the them and Japan.

The United States wants to push through a peace treaty without further delay. A conference of foreign ministers, with Russia participating, to negotiate a peace for Japan would get

Deputies of the foreign ministers, meeting at Paris on Soviet initiative, have spent 10 fruitless weeks, attempting to frame an agenda for an item on general disarmament. Efforts of the foreign ministers to write a German peace have been futile. There is no reason to hope that efforts to write a Japanese peace, with Russia present, would be more successful.

The Department of State did well to issue an immediate forthright, public rejection of the latest Soviet proposal "which the Soviet Union makes periodically whenever it wants to stall the conclusion of a Japanese peace. It has always been rejected and will be again."

WACS IN ARMY HOSPITALS

Convinced that peace is the time to determine how far ENRICH CHILD'S VOCABULARY women can safely be substituted for men in army hospitals, Maj. Gen. Reymond W. Bliss, surgeon general of the army, instigated an experiment over an 11-month period, the results of which have just been disclosed.

It was found by tests conducted from June 1, 1949, to at least, he is an attractive April 30, 1950, that 247 out of 301 types of hospital jobs can be performed equally well by women. The 54 types from his hearing other persons with a which women were excluded called for physical strength, service in lonely locations, discipline and the care of certain types of male patients.

The experiment was made by the Army's Murphy General Hospital, Waltham, Mass., with 515 beds and a subhospital and out-patient department of 200 beds as Fort Devens, nearby. Though the army was not employing women doctors at that time, only four medical and surgical posts were labeled "for men only." Furthermore, it was found that women were cap- call to their attention the good able of assuming custodial duties, if need be, in positions now held by men under tenure.

What has evolved from these tests participated in by hundreds of Woman's Army Corps officers and WAC personnel, as well as by 100 civilians, is the competence of the "average" woman to serve efficiently under direction of noncombat army bases in wartime. Of the women tested 84 per cent were found fit for staffing purposes and 92 per cent for hospital-type activities. The official conclusion is that such a hospital "can accomplish its mission with a staff predomi- to grow familiar with new words nately of women."

In an all-out war the use of women in army hospitals could release thousands of men for other work. And the realization that there are only a few types of hospital work ing good speech. I later learned for which male physicians are essential could free many of them for service in the field. This knowledge is certainly an important element of preparedness.

NOTHING IS IMPOSSIBLE

"They can't do that to us!" agreed the instructors and psychologists at the Lackland Air Force base at San Antonio, Tex. "That" was to pass with a perfect score the 45-minute azines and some newspaper col examination covering military orientation, academic subjects umns go at this matter rather meand general knowledge given to thousands of airmen near the wide response end of their indoctrination training.

The reason for this confidence was that this test, taken at may grow more conscious of words speed with no "tries over," had been deliberately weighted so and thus observe these more that it was believed nobody could get a 100 per cent score. keenly when hearing others speak And the thousands who fell short of perfection seemed to or when reading what others say justify that faith.

Then along came Pfc. Frederick C. Freeman, Jr., of Plainfield, N.J., a graduate of Lafayette college, who had not been at all puffed up when his mark was 99 out of a possible 100 in a qualifying test when he enlisted in the air force. So, months later, they gave Mr. Freeman their weighted test, and then rubbed their eyes when they found he had answered every question correctly. He knew what he had been taught at Lackland, and out of his bag of "general knowledge" he dug up the interest and information of the some of answers that astounded the examiners.

A modest fellow, Pfc. Freeman waved off his perfect score as "strictly an accident." It is a good guess, however, children in adding short, simple that his parents in Plainfield are less than astounded, and that at Lafayette more than one professor can say: "There's a smart lad-didn't I tell you?"

We fought one war to end all wars, a second for the four freedoms and apparently are getting into a third just to save while they promote ease and force-

Fortunate is the person who always has at hand the right word to Although "yours truly" I prefer My father closed with this: "I am express clearly and forcefully what he wishes to write or say. He thus makes himself relatively easy to A bit too thick, I'd say, but then read or listen to. To this extent, That was the way of English men.

The vocabulary of any person, child or adult, grows chiefly from good vocabulary and from reading good literature. It also grows as he expresses himself verbally or in writing, especially when he tries to be clearly understood.

Enrich The Vocabulary What may we parents and teachers do to enrich the vocabulary of let ourselves be lulled into a hypour children? We can strive hardnotic, false sense of security and er to expose them to a growing vocabulary in ourselves and to others danger with rich vocabularies. We can vocabulary used by certain persons they often may hear talk. We can one dead American for 10 dead stimulate them to read good litera- Chinese, we must remember that ture. And we can even call to the Chinese held out for 14 years their attention the accurate use of against the Japanese with some words by certain authors whose

Some would say that these are about the only practical ways for helping a child enrich his vocab-ulary. Recently at a forum which Recently at a forum which run across Asia, but now we have I conducted with parents and teachers, a teacher asked if it were desirable to try to induce children out of their normal setting. My reply was that, while something might be gained therefrom, the best means seemed to be from reading good literature and hearthat this teacher and some of his colleagues were giving their pupils some more-or-less formal exercises in vocabulary-building; that, moreover, vocabulary tests revealed what seemed to be good results

alking eras of motion pictures, Esther Ralston, was born in Bar Harbor, Me., Sept. 19, 1902. As a child she played with her parents' touring company, playing in town halls, schools, etc. She entered pictures in 1918, playing the part of Mrs. Darling in Peter Pan in which the late Betty Bronson played Peter. Beggar on Horse-back. The Best People, The Goose Hangs High, Ten Modern Commandments were some of her silent films. Since sound come pictures she has made. The Southerner, By Candlelight. After the Ball, Black Beauty, Jungle Menace, The Mysterious Pilot, Tin Pan Alley, San Francisco Docks and many others.

Born in North Attleboro, Mass

Nov. 3, 1884, Rep. Joseph W. Marnewspapers, and publisher of an evening paper in his home town. He was a member of the Massachusetts legislature and was first elected to the United States Congress in 1925. He was elected Republican leader of the House in House of Representatives in 1947, and is now minority leader. When not in Washington he still lives in Attleboro. Mass.

Idaho's state flower is the syringa.

They Come In All Sizes (By HOLMES ALEXANDER)

WASHINGTON, D. C., May 15 .- "I got a big brother at home who can lick yours," now seems to be the gist of the taunts between Democratic and Republican urchins as they circle the fringe of the

Olympian battle over MacArthurism. Democratic small fry are claiming Gen. Eisenhower as the fra-ternal strong man, while GOP juniors still put their chips on the lofty shoulder of Gen. MacArthur. There is no certainty that we'll have this five-star final bout, but the juveniles of both parties are as

Feeling grows among Democrats that only Ike can save the White House policy in Asia. He is at least a popularity match for MacArthur and remains about the only man of distinction who has not ye endorsed any brand of political firewater. Ike's well-tested loyalty to his Commander-in-Chief plus his proven European-mindedness seer to suggest that he would side with the Administration if forced t

Comes From Party Liberals

Talk is that Ike's old chief of staff, Gen. Marshall, can not only produce him as a witness but prevail upon him to run next year for the presidency. This wishful line of thought comes, not too strangely from the party liberals who most fear losing their offices and jobs at the next presidential contest. They like Ike for the funniest reasons.

Meanwhile a new GOP challenge is on the wing. It's been boldly suggested by at least one Republican firebrand that the Administra-tion be double-dared to court-martial MacArthur for his alleged

Two arguments can be cited in favor of such a show-down. Some Republicans believe that their Generalissimo can defy the lightning and walk away from it, thereby clinching the proof that he is the embodiment of Right and Might. Others, however, admit that Mac-Arthur might be found guilty before a military court and that nothing more wonderful could happen—for the GOP. As a full-fledged martyr, MacArthur would be so enshrined in the popular heart that not even the archangels of the Welfare State could make a showing in '52. Those most willing to push MacArthur to the sacrificial chopping block are needless to say. Republican faint-hearts who fear that the block are, needless to say, Republican faint-hearts who fear that the GOP might otherwise miss its all-but-certain victory next year.

Happily, not all of the fight is being waged on this pygmy level of partisanship. At least two full-sized figures are silhouetted against the curtain of semi-secrecy which obscures the investigation in the big

Admit Russell Was Right

Senator Russell (D) has more than justified his stubborn stand against wide-open hearings. Most reporters who rebelled in their hearts against this hush-hush procedure now admit that Russell was dead right. The amount of censorable testimony is mute evidence that this hearing did belong behind closed doors. Free speech has been helped, not hindered, by Russell's arrangements. Witnesses have been able to speak out freely, and the public has received more textual information than ever before. Russell deserves credit for being the best all-around chairman in a 'coon's age.

Senator Knowland (R) has done a superior job of extracting useful knowledge from the witnesses, and there is no happenchance in his porformance. As the GOP's most cogent expert on Far Eastern affairs, he spent days and nights digesting his voluminous office files for questioning. It was Knowland's quizzing which brought out such solid facts as the list of war materials reaching the Chinese Reds through Hong Kong, the "tommyrot" about MacArthur's refusal to use Central Intelligence agents and the truth about MacArthur's visit to Formosa

Knowland, who's made three trips to the Orient since 1947, has need to establish any I-told-you-so record. He's one of the few Republicans who cast a thoughtful, rather than a vindictive, vote against the confirmation of both Secretaries Acheson and Marshall, joint architects of the pre-Korean China policy. Yet with all his relentless hounding of Democratic mistake-makers, Knowland manages to catch the rabbit without tearing up the ground on which national unity must somehow be established.

Along with Russell and a few others, he's proof that the Battle MacArthurism can be fought as a gentleman's war.

File For State Bonus HARRISBURG, May 15.—(INS) -World War II veterans who have not yet filed applications for their state bonus have until December

31 to do so The dealine was extended from July 1, 1950, in a senate measure signed into law today by Gov. John

About 20,000 of the estimated 1,215,000 Pennsylvania veterans believed eligible did not meet the first deadline, while 3,500 filed

Other bills signed by the governor require a record vote of school directors on adoption of an annual budget, make a deficiency appropriation to the state welfare department to partially reimburse state-aided hospitals for training student nurses, legalize carrying unloaded rifles and shotguns in a vehicle without wrapping them and possessing cartiridges or shells for hunting without their necessar-ily being in unbroken original cartons or securely wrapped, include boroughs and first class townships in provision of an act enabling creation of municipal parking authorities.

Try And Stop Me

George Heister tells of a tired ousiness man whose gruelling day at the office was capped by his wife's announcement that the maid had walked out. "What was the trouble this time?" he inquired wearily. "You were!" she charged. "She said you used insulting language to her over the phone this morning." "Good grief." cried the husband. "I thought I was talking to you!"

When sports editor Jimmy Powers commiserated with Bo McMillen on the latter's loss of a lucra tive football coaching berth, Mc-Millen said, "I was manhandled all right-but being a native of the wind belt in Texas, I'm used to being blown about. Once a hurri-Lb. 596 cane picked me up, whirled me through the air, and deposited me in a field a half mile away as though I was a tumble-weed. The parson saw me land and said, 'Son, the fact you seem none the worse for your experience shows that

Most engine wear comes from engine deposits—Amoco-Gas leaves

The kind of gas you buy has a direct connection with the bills you have to pay for engine repair.

For science now knows that most engine cylinder wear is caused by deposits remaining after combustion, and contamination. These cause wear, serious wear to pistons, cylinder walls and valves.

Amoco-Gas helps prevent this wear because it contains no harmful ingredients. It leaves no metallic deposit.

Moreover, Amoco-Gas can burn completely because it is all petroleum with no harmful ingredients added. This means more useful power, superior performance and mileage.

Use Amoco-Gas—for longer car life. There's nothing like it!

—leaves no metallic deposit

Packards are built for priceless folks....like yours!

When the folks you love are involved . . . you could justify the purchase of a Packard on the basis of superior safety

And if you're obliged to be budget-conscious - that still needn't deprive your family of a Packard. Bear in mind that the solid quality behind Packard safety has a dollars-and-cents payoff in many ways. For example:

• Packard Thunderbolt engines give you more than trustworthy reliability that keeps you in the clear . . . They pay dividends with: the efficiency of

America's highest-compression eights and the service-free simplicity of a design with up to 25% fewer working parts than in engines of comparable power!

• Packard's exclusive Ultramatic Drive gives you more than swift responsiveness, and complete control under all driving

gas-wasting slippage when cruising. Those are just a few highlights of the mechanical-life story behind the human-life story of this new 1951 Packard. They help explain why, of all the Packards built—in the last 52 years—over 50% are still in service!

conditions. It pays dividends with: No

Adult Program In Final Week

Year's Enrollment Approximately 1500

Regular classes in adult educa-tion, sponsored by the New Cas-tle public school department, will wind up their work this week, it is announced by Earle M. Cass, vocational director.

Many classes have already completed their work and the others are in the final stages. Of the classes offered by the program, only the driver training classes, put on in cooperation with the AAA, will continue throughout the

A total of nearly 1500 persons were enrolled in the adult edu-cation program during the past school year. These persons were divided into 88 classes, with 40

Clothing Classes Biggest Clothing classes as usual provided the largest enrollment in the program. There were 32 classes. in operation with approximately 575 persons enrolled. Shortage of instructors held the enrollment in this department somewhat under the figure of the year before.

Next in enrollment were the classes in arts and crafts, which included woodworking, blueprint reading, English composition, English for the non-speaking, elementary English, languages, psychology, care of the sick in the home

course offered in driver training should contact the AAA. Registration for classes in the fall with the course of be held on September 17 and 18.

MILK-EGG PRODUCTION

HARRISBURG, May 15 .- (INS) Milk and egg production in April were reported at a favorable level today by the state agriculture department.

Last month's milk production in Pennsylvania totaled 522,000,000 pounds compared with 500,000,000 in March and 529,000,000 in April, 1950 egg output totaled 331,000,000
—only 4,000,000 short of the high mark for the month set in April 1946 but 18,000,000 under the output of March.

THE FAMILY **SCRAPBOOK** By DR. ERNEST G. OSBORNE

"Would you like to buy some soap? It's a very good kind." The freckle-faced kid at the door was an eager salesman. "If I sell 50 bars, I get a radio of my own."

The ads in the magazines youngsters read tell the story. the time you and I were children, boys and girls, fascinated by glowing promises, have been filling out coupons to secure "merchandise" "practically sells itself". Whether it's to sell soap, stamps, or any number of knickknacks, junior salesmen are being recruited every day.

It's hard for parents to know what stand to take. Often the "stuff" that children send for is just like that. Then, too, we don't like to have our friends and neighbors annoyed by their calls, neighbors annoyed by their calls.

quite as easily as the ads would have the kids believe.
One can, of course, veto any

ideas that youngsters have about putting on a high-powered sales campaign. But it would seem bet-ter to let them learn from experience. Talking over and deciding together on various sales prosositions is a good family activity. Then, if the sales campaign doesn't work out, Junior has had a learning experience. If it does, our job as parents is to help him avoid ex-ploiting friends or relatives while at the same time giving approval

to his enterprise.

Things you'd like to know about your Railroad The Story of a (ENTRAL Railroad Dollar IDEA

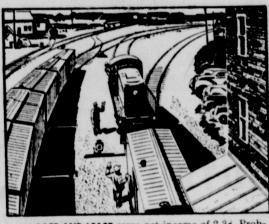

HOW IS IT SARNED? New York Central earned 69¢ of each dollar it received in 1950 from hauling freight, and 15¢ more carrying passengers. Another 12:5¢ came from other operations. The final 3.5¢ of New York Central's income dollar last year was yield on its investments.

ANOTHER 25¢ of New York Central's dollar 3. went for coal, Diesel oil, rails, ties, wheels and all the other items that go into a railroad's market basket. Depreciation took 4.9¢. Interest, rentals, etc. required 5.8c. Federal, state and local taxes accounted for 5.7¢.

RAILROADERS GOT MOST of that dollar-over 56¢ in wages, salaries, pensions and Central's contribution in the form of payroll taxes to provide security. Their share of Central's income totaled \$443,000,000. And these men and women spend their money where they live!

LAST AND LEAST came net income of 2.3¢. Probably no one in town works for so small a profit as your Railroad. Compared to most cost-ofliving items, fares and freight rates are bargains. But then, giving a lot for the money always has been the CENTRAL IDEA!

Good Taste By FRANCINE MARKEL

EATING BOUILLON FROM CUP handling a bouillon cup with two handles? Should one lift the cup with one hand or two; or is it incorrect to lift it at all? Should the bouillon be eaten entirely with the spoon? Also, state the uses of the rimmed and rimless soup

why these two types?"

Answer: Bouillon may be sipped with a spoon or drunk from the cup described, using the right hand (but not both hands) to lift the cup. It is customary to take spoonfuls to the mouth until the broth is cool enough to drink.

It would be rather unfair to cause the other diners to wait concerning America's "Defenders rectly drink from the cup. This, of course, is permissible only when your elbows clear of the table while holding your bouillon cup

Only clear broths, never thick soups, should be served in cups. The rimless soup plate is properly used for informal purposes. That with the rim is for formal purposes. The bouillon cup is like-wise for informal service and is therefore interchangeable with the rimless plate.

Question: I was recently a guest at a debut. Do I owe the debutante or her mother any hospitality in return?

Answer: Although you are under no obligation so far as eti-quette is concerned to offer hospitality to the debutante or her mother in return for the invitation to the debut, I am sure they would appreciate this gesture on your part. You might invite the debutate or both her and her mother to dinner and the theater.

Indians Start Tough Road Trip Leading By Half-Game

Twin-Bill At Erie Tonight; Scarazzo Calls Tigers Victors Monday 10-5

tonight, with a twin-bill carded at Erie against the second-place evening, it was announced today by Al Scarazzo, president.

As the Indians boarded the bus for Erie they held a slim halfgame edge on the Lake City club, by virtue of having dropped the final game of the series with the Butler Tigers, last night, 10-5, at final game of the series with the Buller Tigers, last night, 10-5, at Flaherty Field, while Erie was edging Lockport 4-3. Niagara Falls Wampum Wins Two; trimmed Youngstown 8-6 in other loop action.

Klafter-Zedalis Will Pitch

Manager Al Milnar has slated Paul Klafter a rookie right-hander obtained from Sandusky, Ohio, through the Cleveland Indians from the Spartansburg South Carolina Class B farm club to hurl the first game at Erie tonight, and will pitch Stan Zedalis in the night-cap.

Klafter along with Don Hafferkamp, of Elyria, Ohio, a southpaw, also obtained from Spartansburg through the Cleveland Indians, signed his contract yesterday. Hafferkamp saw limited service in the game last night relieving Ciske in the seventh.

The Indians face single games at Erie tomorrow and Thursday, and then move to Niagara Falls for four-games, starting Friday with

The Erie Sailors will be here next Monday to open a three-game home stand for the Indians. Game time next Monday, 8:30

Batteries—East Brook, Wilson and W. Pontius; Eden-Hillers, Jones, Retort (6) and D. Retort. Honor Wabash Bears

At Bowling Banquet Wabash Bears second annual

bowling banquet was held this past weekend at the Liberty hotel. Trophies were presented the following teams: the winning Yanks, to captain Lou Domenick, and to o the runnerup Bears, to captain Jabby Conti. Winners of other trophies were:

Joe DeFelice for an all over league average of 185, and to Lou Domenick for second average high of Joe DeFelice also won the trophy

for the three-game high of 640, The single game high trophy was awarded Patsy Perrotta for a score

Thanks to a number of factors, including the Kefauver committee, this year's Kentucky Derby may well be the biggest betting race in the history of American horse rac-

Franklin Captures Junior High School 1951 Track Championship

Benjamin Franklin junior high school won the New Castle junior high school track title Monday afternoon at Taggart stadium with 871/2 points in the annual three- 25.5.

team meet.

George Washington was second with 51½ and Mahoning third with 22.

New meet records were set in

New meet records were set in the Class I 440-yard relay, 880-yard run and shot put. Washington 440-yard relay team of Altman, Wilson, Davis and Brooks broke the record it set last week in the relay meet, when it went the distance in 53.2 seconds.

Johnson of Franklin set a new 126/534". High jump: Webber (Washington), Height: 4'10".
Broad jump. Bleggi (Franklin). Distance: 16'14".
880-yard run: Johnson (Franklin). Time: 2:19.3 (new record).
Pole vault (Under 115 pounds): Wise (Franklin). Height: 7', Pole vault (Over 115 pounds): Kuhns (Franklin). Foht (Washington) Torsello (Mahoningtown). Height: 8'.

Johnson of Franklin set a new mark in the 880, when he was clocked in 2:19.3. Bob Bleggi of Franklin broke the record that he set last week in the relays, when he hurled the shot an even Sharon Wednesday

events, picking up 10 first and one tie in all. Meet Results

50-yard dash: Patton (Franklin). Time:

440-yard relay: Washington (Altamn, Vilson, Davis, Brooks). Time: 53.2 (new High jump: Quahliero (Mahoningtown). Height: 4'5". Broad jump: Davis (Washington). Distance: 16'. 75-yard dash: Wise (Franklin), Time:

440-yard relay: Franklin (Paolone, Maz-i, Santia, Wise-, Time: 52.0. High jump: Zank (Franklin), Height: The word "diamo Broad jump: Peters (Mahoningtown).

Class III 100-yard dash: Young (Franklin), Time 220-yard dash: Young (Franklin). Time

Cane Golfers Meet Franklin piled up most of its points in the dashes and the field In Important Match

New Castle high school golf team will be host to Sharon high school Wednesday afternoon at the Castle Hills golf course in an effort to gain a first place tie. A win for the Canes will give them a tie with Butler for the Section One, WPIAL crown.

Sharon, which led the league throughout the season, was forced to forfeit all of its early matches due of the ineligibility of Bart Og-

The word "diamond" comes from the Greek word, "adamas," meaning unconquerable.

HERE and THERE IN SPORTS LAND

RAINS OF FRIDAY and Saturday swelled trout streams. Chuck Ayres, a star athlete at Westminster two decades ago, visited friends here last week. He was en route from Pittsburgh to Ohio where he will take up a new residence. . . A 40-day running horse meet will get under way at Waterford Park, near Chester, W. Va., next Saturday. It is a half mile track. . . The City league Elliotts, formerly were the St. Margarets. Monk Rainey is piloting the club. . . Pat Kearns, the bowling academy supervisor, is employed at Cascade Park. . . . Although the City league is only in its 1951 infancy, already Here and There has been informed by a scout he intends to watch a youngster who has played consistent ball for several years. For fear of having him contract stage-fright, his name is withheld, also the date the scout will eye him in action. . . . Fees helped the baseball situation by building their own field in McClelland avenue.

JOE O'LEARY is in charge of the district's American Legion baseball. . . . Adolf Lang has gone to Beverly Lake, Delta, Ont., for the summer. . . . Haven't neard of Wilbur Patterson catching any big trout yet this season. If memory serves correctly he caught one between four and five pounds in the Slippery Rock last season, Mike Orlando also caught one almost five pounds, which was said to have been 1950's largest. However, Frank Sholler's five pound and five tennis courts at George Washington Junior high. It is regretted there are not more. Years ago, Joe McFate. Paul Dingledy, Bob Lamoree et. al., cavorted in the net sport. . . . Ernie Hill has one of the few Boxers (dogs) in this section. . . Frankie Book of East Washington street, who is in a hospital due to an accidental gunshot wound, boxed as an amateur. He graduated from No Ca Hill Fores well-in factories. as an amateur. He graduated from Ne-Ca-Hi. Fans are pulling for his recovery. . . . Dude Moore is regaining some of the pep he lost when hit by a heart ailment last December. He's on the job. . . . Here and There took his two grandsons, Ricky and Jackie Fritz, ages 4 and 6, fishing in the Slippery Rock several days ago, and lo, Ricky pulled out five "sunnies" and rock bass and Jackie reeled in a rock bass which means more trips for grand-dad and two future fishermen in the county. . . . While we were along the stream Here and There watched Jim Cross, who has a cottage at Ramblers Rest, pull out a couple of nice trout and also witnessed a woman catch a couple. Due to the pleasant weather, the embankment at Elliotts Mill was aligned with anglers despite the high water.

Oh MOM!

Second No-Hitter For Jimmy Moore

PITTSBURGH, May 15.—(INS) WPIAL's Section 24. —Jimmy Moore struck out 15 Waynesburg high school batters no-run classic against Waynesyesterday and pitched his second burg also.

New Facilities At Mission Soon ciated. The Mission still carries a tremendous load and only as finances Ready For Use

New Castle's City Mission, 17 South Mercer street, haven for the less fortunate and Gospel Mission for the unchurched, will soon open its new kitchen and dining room facilities on the second floor of the downtown building.

For years, in fact, since the opening of the present headquarters of the Mission, more than a quarter of a century ago, the facilities for feeding of transients have been located on the third floor of the Mission. Aged men on crutches and canes and others with physical infirmities who have been traveling on the road, have had to climb the steep stairway to the third floor to get their free meal which is provided them.

Through the generosity and kindness of New Castle citizens and local merchants, a highly modern kitchen and dining room will be soon placed in use for the transient men who travel about the country having no permanent abode. New refrigerator, new stove, new inlaid linoleum and many other items have been installed in the kitchen and din-

Public Inspection

As soon as proper plumbing fa-cilities have been installed in the kitchen, the new facilities will be placed in use, but not before the public has been given an opportunity to see just what has been done due to the foresight and painstaking efforts of Superintendent, Rev. F. Dickson Marshall and Mrs. Marshall, along with the house manager, Howard William Earl and other members of the

The changeover will add to the size of the third floor dormitory, providing more sleeping space for the men. The number of transients

on the road is increasing daily. During April, the Mission sup plied 1485 meals; gave 1850 articles of clothing; slept 464 men; conducted 34 services in the mission while the mission head conducted four jail services and supplied seven pulpits.

Intensive plans are going forth for the annual Mission picnic which is a mid-summer highlight of the Mission work among the youngsters. The Mission's annual banquet will be a November feature of the work, Rev. Marshall reported.

Industrial Work Mission industrial work is being continued with the mission truck operating several days a week Rags, paper and iron are picked up and the funds are used in re-habilitating men. Furniture se-sured, is given to the needy
